

Privacy Policy for FinKeep

Effective Date: June 20, 2026

FinKeep is developed and operated by RainDrop Studio ("we," "our," or "us"), an independent solo software development operation. We are committed to protecting your privacy. This Privacy Policy explains how we collect, use, disclose, and safeguard your information when you use our mobile application (the "App"). Please read this privacy policy carefully. If you do not agree with the terms of this privacy policy, please do not access the App.

1. Information Collection and Use

FinKeep is built with a privacy-focused architecture, ensuring your personal financial details remain under your control.

- **Local Device Storage:** All financial data, including expenses, budgets, lendings, and investments, is saved exclusively on your own device's secure local storage.
- **Data Privacy:** We do not collect, monitor, upload, or store your financial information anywhere else for public users of the App.
- **No Authentication:** The App runs entirely without user accounts, email registration, or any form of personal sign-in.

2. Data Security

Because your data is stored entirely on your own device, the security of your financial information relies on your hardware's built-in security features (such as device encryption, biometrics, or passcodes). Your data is not transmitted over the public internet by the App, minimizing traditional external security vulnerabilities and data leaks.

3. Third-Party Services

The App may utilize core operating system infrastructure services provided by your platform provider to function correctly. These include:

- Google Play Services

4. Children's Privacy

Since all application data is saved locally on the user's device and is not collected, transmitted, or shared with external entities, the App does not collect or process information from anyone, including children under the age of 13.

5. Changes to This Privacy Policy

We may update our Privacy Policy from time to time. Thus, you are advised to review this page periodically for any changes. We will notify you of any changes by posting the new Privacy Policy on this page.

6. Contact Us

If you have any questions or suggestions about our Privacy Policy, do not hesitate to contact us through our official developer channels on the Google Play Store page for RainDrop Studio.
